Projects

Brain Bolt— Interactive Quiz Application , *ReactJS · REST API*

Integrated REST API for dynamic quiz generation
Managed real-time scoring and timer using React hooks

Currency Converter , *JavaScript · REST API*

Consumed open-source Currency API to perform real-time exchange rate conversions using async/await and fetch API

Password Generator , *JavaScript*

Developed secure password generator with dynamic length and character options
Improved performance using React hooks (useCallback, useEffect, useRef) and one-click copy functionality via Clipboard API

Student Portal UI , *JavaScript*

Developed Student Portal with CRUD operations using JavaScript
Implemented localStorage for persistent data storage with dynamic DOM-based UI updates and validation
